Soap Crayons: Prep - 10 min / Wait - 24 hr / Active - 45 min

Puff Paint: Active - 30 min

Icy Colours: Prep - 5 min / Wait - 24 hr / Active - 10 min

Colour Changing Markers: Active - 30 min / Wait - 10 min

a WOW Lab

BLUEPRINT

Colourific - Time/Cost Estimate

Initial Cost: \$65.50

Colourific consists of five different activities which may be done individually or in combination. The total cost may seem high, but includes the cost of the materials required for all of the five activities, and may be reduced by bringing in some supplies from home. In addition, many of the materials can be reused in subsequent years.

To simplify planning, the cost associated with each activity is listed below; however, note that the total cost is less than the combined cost as certain materials are used in more than one activity (e.g. food colouring).

Swirly Whirly Milk: \$8.50

Soap Crayons: \$27.00

Puff Paint: \$18.00

Icy Colours: \$5.00

Colour Changing Markers: \$13.00
