

Time / Cost Estimate

Time: Prep - 1 hr / Wait - 24 hr / Active - 25 to 30 min

The *Weather Station* consists of several different activities that are put together to create the whole weather system; however, the activities can also be performed individually.

Initial Cost: \$55.00

The total cost for this activity includes all eight sections of *Weather Station*. To simplify planning, the individual costs for each activity are listed below. Note that the individual costs will not add up to the total cost as some materials purchased for one activity can be reused in another.

Somewhere Over the Rainbow: \$2.00

Snowflakes: \$6.00

Blue Cloud: \$4.00

Stormy Day: \$19.00

A Windy City: \$4.00

Homemade Thermometer: \$10.00

The Twist: \$5.50

Creating Snow: \$13.00
